REPRODUCTIVE AND SOCIAL HEALTH EDUCATION

On 6th December 2009, the Cabinet approved the PEKERTI Policy & Action Plan proposed by MWFCD, which aims to guide young people from getting involved in social problems.

kafe@TEEN Youth Center
Under PEKERTI Programme, NPFDB has set up 16 youth centre kafe@TEEN in nine states including Kedah, Penang, W.P Kuala Lumpur, Negeri Sembilan, Melaka, Johor, Pahang, Kelantan, Sabah, Sarawak and Putrajaya. The aim of kafe@TEEN Youth Centre is to help young people between the age of 13 to 24 to access information and services related to reproductive health such as health, psychosocial counseling, education programmes and skills building. Since its inception in 2006 until June 2016, a total of 357,355 teens involved in education and skills development while 21,218 cases of reproductive health service.

PEKERTI@National Service Programme
In line with the implementation of these policies, the National Service Training Council (MLKN) has agreed that the introduction of PEKERTI sub module is included in the National Service Training Programme (PLKN). A total of nearly 1,303 PLKN trainers are trained. Based on the results of the pre and post programme evaluation conducted, almost 95.0% of the trainers are ready to teach the module. Accordingly, teaching sessions of PEKERTI module to the trainees was started on 15 to 16 June 2011 and up until 2015, a total of 267,121 trainees have benefited from this programme. Subsequently, NPFDB has conducted pre and post-test to the trainers to assess the level of knowledge and perceptions about PEKERTI and effectiveness of this programme. The result showed that there was a significant increase in the level of knowledge and a positive
PEKERTI@IPGM Programme
PEKERTI@IPGM pilot programme was implemented in 2014 to 2015. A total of 84 lecturers from 25 Malaysian Institute of Teacher Education (IPGM) have been involved in PEKERTI Coaching Workshop and as a result a total of 1,670 teacher trainees have undergone PEKERTI Module.

PEKERTI@Institute Programme
In 2015, PEKERTI@Institute Pilot Programme was conducted at Community College. A total of 31 lecturers from 14 community colleges throughout Sabah and Sarawak has been involved in PEKERTI module coaching workshop. As a result, 334 community college students have gained knowledge and skills to avoid and reduce risky sexual behaviors that can lead to unplanned pregnancy, sexually transmitted diseases and HIV infection.

PEKERTI@COMMUNITY Programme
PEKERTI @ COMMUNITY is implemented to boarding school (SBP) students, the Child Welfare Institution of Social Welfare Department (SWD) and Neighborhood Watch (RT) Leader and the Community since 2014. As of August 2016 data, PEKERTI training has been given to 89 SBP teachers, 104 RT leaders and 55 officers of FELDA Region from all over Malaysia. Meanwhile, a total of 140 parents and 1,290 youths has participated in the programme in the form of camps.
